

Electronics Recycling Report Card

Grading for: **FUNAI**

Summary:

Funai may not be a household name but this Japanese TV company has the fifth largest market share of flat panel TVs in the U.S. They make TVs under the Funai brand as well as Sylvania and Emerson and now they are licensed to manufacture for Philips in the U.S. But they have no takeback program (and neither does Philips.)

| Category | Possible Points | Points Earned | Details |
|---|-----------------|---------------|--|
| Scope of U.S. takeback recycling program | 42 | | |
| Free, convenient, national takeback program Does the company offer free convenient national takeback and recycling of their branded products for individual consumers? - Convenience requires ongoing physical collection sites as well as mailback options. - Evaluates efforts made in states with no e-waste laws or laws with weak requirements | 13 | 0 | Only provides recycling in states that require it by law, in partnership with MRM. |
| Significant collection volumes Does takeback program have significant collection volumes, and does the company have high volume even in states where the law does not require it? | 16 | 0 | No information provided on volumes collected. |
| Transparent reporting Is the company transparent in reporting on collection volumes, including where they are coming from? | 7 | 0 | No information provided on website. |
| Free not just for consumers Does company offer free national takeback recycling for other customers – not just individual consumers? | 1 | 0 | No. |
| Takeback other brands Does program take products from other brands for free or a nominal charge? | 1 | 0 | No. |
| Encourage reuse Does the program encourage responsible reuse of electronic equipment and parts? | 4 | 0 | No information provided. |
| SUBTOTAL | 42 | 0 | |
| Does program provide responsible recycling? | 36 | | |
| Are recycling vendors e-Stewards? Does company only use e-Stewards as vendors for | 22 | 3 | Limited relationship with MRM Recycling, which does business with |

| Category | Possible Points | Points Earned | Details |
|---|-----------------------------|---------------|---|
| all of its consumer recycling, including trade in/buy back programs? For more info, see www.e-stewards.org | | | some e-Stewards. |
| Other public commitment to responsible recycling If the company is not using e-Stewards, does it have another public commitment to not export toxic e-waste* to developing countries, use prison labor or landfill/incinerate toxic e-waste?* | Up to 5 of the 22 pts above | 0 | No statement. |
| Publish vendor requirements Does company publish its full recycling standards (vendor requirements) on company website? | 4 | 0 | None published. |
| Disclosure of recycling vendors Does company disclose all of the electronics recycling and refurbishing vendors, used by the company and its trade-in partners, on company website? | 6 | 0 | No information provided. |
| Disclosure on business takeback streams Do the four disclosures above apply to business streams? While this report card is aimed at consumer streams, company takeback programs for businesses (asset recovery, business trade-ins, lease returns, etc.) comprise a huge volume of some manufacturers' takeback programs. | 4 | 0 | No information provided. |
| SUBTOTAL | 36 | 3 | |
| Other | 12 | | |
| Disclosure of what is closed loop recycled Does company disclose information about what streams from its takeback program are closed loop recycled or make a commitment to move in this direction? Closed loop recycling means recycling material streams back into other products the company makes or products of equal value (not down-cycling). | 2 | 0 | No information provided. |
| Disclosure of how much is closed loop recycled Does company report on the volume of material that is recycled into closed loop recycling? | 5 | 0 | No information provided. |
| Recycling info easy to find? Is it easy to find recycling information on company website? | 3 | 0 | No recycling information on home page, difficult to find. |

| Category | Possible Points | Points Earned | Details |
|--|-----------------|---------------|--|
| Recyclable Packaging Does the company ship products using packaging made from materials that are typically easily recyclable for most U.S. households (cardboard, but not Styrofoam/ polystyrene)? | 2 | 0 | No information about packaging provided. |
| SUBTOTAL | 12 | 0 | |
| Public policy | 10 | | |
| Does company have a statement in support of strong state legislation for producer takeback, with drivers for manufacturers to collect high volumes, and does company actively support these bills in the States? | 5 | | No policy statement on this issue. |
| Does the company have a statement of support for federal legislation to ban the export of toxic electronic waste to developing nations? | 5 | | No policy statement on this issue. |
| SUBTOTAL | 10 | 0 | |
| TOTAL SCORE | 100 | 3 | |

Primary webpage on recycling:

* Toxic e-waste means electronic equipment, parts, and materials destined for recycling or disposal but not for direct reuse, that contain, consist of, or are derived from:

- Cadmium-, lead- or beryllium-containing circuit boards;
- Cathode ray tubes (CRTs);
- CRT glass (processed and unprocessed);
- Batteries containing lead, mercury, and/or cadmium and/or are flammable;
- Components, lamps and devices containing mercury-, beryllium- and Polychlorinated Biphenyl antimony, barium, cadmium, chromium, lead, thallium, beryllium, arsenic, or selenium; and/or
- Non-working or untested parts and whole equipment or devices exported for repair or reuse
